

## **Look For Summer Storage EARLY**

One reason that usable items end up in the landfill during move out is that people are unable to secure summer storage for their items. Due to the high demand for storage during summer months, there is often no storage left come June. Find storage EARLY in the year in order to secure a spot for your items to stay until you move in to your new home at the start of the next school year. The following is a list of Storage Facilities in the Santa Barbara area. Luckily, most facilities allow you to book storage units online!

### **College Move Out Companies That Come to YOU:**

#### **Campus Storage**

Website: [Campusstorage.com](http://Campusstorage.com)

Service: Campus Storage will provide you with packing materials. They will then come to your home and pick up the items you wish to store. Once summer is over, they will deliver your items to your new address.
