

## **“Won’t You Be My Neighbor?” Video Proposal**

Hello, we are teens that live in Isla Vista and are members of Teen Leadership at the St. George Youth Center. We are excited about showing people outside of Isla Vista and within all that Isla Vista has to offer and the beauty it holds. We are all high school students and we would like to make a video that is inclusive of everyone in Isla Vista and highlights not only the people in Isla Vista but also the wonderful places that we most love about our community. Our goal is to help those in our community feel more welcome, seen, and as active members of a great community that extends and involves more than they may imagine. Our vision for the video is to build on our “I Am a Student Too” campaign. By creating this video, we will be able to work on our outreach, time management, public speaking, interpersonal communication, and networking skills while learning about video production in the process. This internship will also help us in working towards our own personal goal to attend a university by providing us a valuable experience and expanding our knowledge. We want to see our families and friends in the video and to bring pride to our community in a video that is all encompassing of what our community represents. We aim to promote our video as much as possible so that when people think of Isla Vista they can see it through our eyes and the eyes of the community as a whole. Thank you for this opportunity.
