Reporting Procedures

- Any employee who believes that they have been the target of Prohibited Conduct or any employee who observes or otherwise becomes aware of such conduct has a duty to immediately notify the General Manager, who is responsible for investigating such complaints.
 - Nothing in this policy may be interpreted as restricting the ability of any affiliate of the IVCS D from confiding in a trusted affiliate of the IVCS D regarding prohibited conduct. Complaints indirectly received by that have not been submitted directly to the General Manager will still be investigated to the fullest extent appropriate under this policy as if they had been directly reported to the General Manager.
 - An employee is not required to report the complaint to the General Manager if the General Manager is the individual who is engaging in the prohibited conduct, but may in the alternative report the conduct to the President of the Board of Directors.
- Any supervisor who is informed of a complaint alleging a prohibited practice by an employee, or any other individual, must report said complaint to the General Manager or the President of the Board of Directors immediately and must otherwise keep the matter confidential. The General Manager must also keep the matter confidential and not disclose the matter to any person who is not involved in the investigation or does not have legitimate work-related reasons for knowing of the complaint.
 - Any supervisor who fails to comply with this paragraph will be subject to disciplinary action, up to and including termination of employment.
- All complaints should be as detailed as possible, including the names of individuals involved, the names of any witnesses, direct quotations when language is relevant, and any documentary evidence (notes, pictures, cartoons, etc.).

- Upon the filing of a complaint with the IVCS D, the complainant will be provided with a copy of this policy. All incidents of prohibited discrimination, harassment and/or retaliation that are reported will be subject to an impartial, fair, timely and thorough investigation to be completed in no more than sixty (60) days. The investigation will reach conclusions based on the evidence collected. The IVCS D will document the timely, thorough, and objective investigation of the allegations to ensure reasonable progress is being made in the investigation. The IVCS D will inform the complainant of the progress of the investigation upon request.
- The General Manager is the impartial person designated by the IVCS D to investigate complaints of Unlawful Practices. The General Manager may, however, delegate the investigation at their discretion to a qualified, impartial investigator. In the event the Unlawful Practice complaint is against the General Manager, a qualified, impartial investigator shall be appointed by the Board of Directors.

- All employees are required to cooperate truthfully and in good faith with the IVCS D in any investigation under this policy. Knowingly making a false charge of an Unlawful Practice or a false statement in connection with an investigation, or deliberately interfering with any such investigation is also a violation of this policy and will subject an employee to discipline, up to and including termination.
 - Nothing in this policy shall be interpreted as allowing retaliation against an affiliate of the IVCS D for advancing a complaint in good faith, even when the complaint is found to be unsubstantiated by an investigation.

Corrective Action

- At the conclusion of the timely investigation, if it is determined that an unlawful practice has occurred, the IVCS D will take immediate and effective remedial action commensurate with the circumstances. Corrective action may include: training, referral to counseling, or disciplinary action, including but not limited to, verbal or written warning, suspension, transfer, demotion, and termination of employment, depending on the circumstances. With regard to acts of harassment by contractors and those conducting business with the IVCS D, corrective action will be taken after consultation with the General Manager.

Contact information for the DFEH can be obtained at www.dfeh.ca.gov. Contact information for the EEOC can be obtained at www.eeoc.gov.
 - Nothing in this policy may be interpreted as limiting employees of the IVCS D from pursuing an internal complaint, as detailed under Reporting Procedures.

Employee Missed Shifts and Scheduling Policy (*Approved on October 22, 2024*)

Punctuality and Attendance

- Employees are expected to report to work as scheduled, on time, and prepared to start work. Employees also are expected to remain at work for their entire work schedule, except for meal periods or when required to leave on authorized District business. Late arrival, early departure, or other unanticipated and unapproved absences from scheduled hours will not be tolerated. Failure to report to work as scheduled may result in discipline, up to and including termination.
- Because unexcused absences should be the last resort, all employee absences must be authorized in advance. Authorized absence is defined as written permission, no less than two hours in advance, from a Supervisor to be absent from duty for a specified purpose, with the right to return before or upon the expiration of the leave period. Employee leave periods authorized pursuant to any existing provisions of state or federal law and/or District regulations shall be considered an authorized absence.
- Employees who are ill, or for personal or other reasons, cannot report to their assigned shift, must utilize the District phone and email roster to try and find a replacement amongst program coworkers. Employees shall notify their program supervisor

immediately, but no less than two hours before a scheduled shift, that they are unable to report to their assigned shift. Failure to notify a supervisor in advance of a missed shift shall constitute an unexcused absence. Continuous or excessive unexcused absences may result in discipline, up to and including termination.

- Employees who fail to report to work for three (3) consecutive shifts without notifying their supervisor of their absence will be considered as having voluntarily resigned from employment and having abandoned their jobs.

Shift Schedules

- Shift schedules may vary, as assigned by the program supervisor. Employees who have the ability to voluntarily sign up for a shift will be considered to have committed to, be scheduled and held accountable for, the full shift upon sign-up. Once an employee signs up for a shift and the weekly schedule is finalized by the program supervisor, employees cannot make any changes to their scheduled shift unless otherwise authorized by the program supervisor.
- For larger District events, programs, or projects, the District will attempt to provide reasonable advance notice (i.e. 2 weeks) to employees to ensure the event is adequately staffed.

Make-Up Shifts

- The District may, in its sole discretion, allow the use of makeup time when non-exempt employees need and voluntarily request time off. When approved by their program supervisor, employees may obtain an authorized absence and then make up the time in the same workweek in which the time was lost. Such makeup time will be paid at the employee's regular rate of pay. Makeup time may not exceed 8 hours in one workday or 40 hours in one workweek.
- Makeup time requests must be submitted in writing to the employee's supervisor, with the employee's signature, before the extra hours are worked. Requests will be considered for approval based on the business needs of the District at the time the request is submitted. A separate written request is required for each occasion that the employee requests makeup time. Missed work time may only be made up if a legitimate need for the extra hours exists, as determined in the sole discretion of the employee's supervisor. An employee's use of makeup time is completely voluntary.

Quarterly Evaluations

- The District relies on its employees to consistently provide high quality, cost effective services. Employees must routinely interact with other staff, Board members, vendors, and the general public to effectively meet these objectives. Good attendance is essential to these objectives and is an indicator of effective employee performance. The District will evaluate the effectiveness of this Policy upon a quarterly basis, to ensure the needs of the District and community are adequately served.
- The District intends to maintain a positive environment that supports its goals while recognizing individual needs and circumstances. If attendance issues arise, employees are encouraged to speak with their supervisor who can discuss the impact of their attendance on the District's goals and employee's individual performance.

Compensation Policy & Procedures

- As a public entity, the district is committed to rendering the highest level of service possible at a fair and reasonable cost. The district's ability to achieve this objective is affected by a number of factors, one of which is the quality and performance of district employees. To attract and retain highly competent employees, promote continuous superior performance, and give full recognition to district financial constraints, the following will be considered in establishing employee compensation:
 - The impact of compensation on the cost of services, financial position of the district, and overall operational costs.
 - Compensation paid for similar work in other public and private jurisdictions.
 - Review on an annual basis the March-to-March Consumer Price Index (CPI) for All Urban Consumers, Los Angeles-Riverside-Orange County, CA. Any adjustments would be effective July 1st.

 - Status of the labor force, economic condition, recruitment and retention experience, and other factors influencing the maintenance of a stable and efficient work force.
- The Board of Directors will set the range of pay for all positions based on the economic conditions and the ability of the district to pay. Range will mean the starting salary to the

upper limits based on experience, length of service, etc. as determined by the Board. Merit increases and salary adjustments will not be automatic. Up to three step increases of up to five percent (5%) within a range will be approved by the General Manager, based on merit.

- Attachment A is the salary range for current positions in the district, with the exception of the General Manager.

Performance Evaluations & Promotions

- All employees, on the anniversary of their date of hire will receive an annual performance evaluation.
- The performance of each employee will be periodically reviewed in order to evaluate the employee's competence in fulfilling the scope, duties, and requirements of the position. Performance evaluations will be completed in writing.
- Performance Evaluation Process
 - The General Manager or designee will conduct or review performance evaluations.
 - The evaluation is then discussed with the employee. Sufficient time should be allotted to allow for employee recognition for good job performance, pointing out steps the employee can take to improve any weak areas, clarifying job requirements, and for questions the employee may ask. The employee will sign the written evaluation acknowledging that the evaluation discussion was held. No additional comments may be added to the form after the employee has signed it.

- Merit increases shall not be automatic but shall depend upon excellent and efficient performance. The performance appraisal will be discussed with the employee during their review.
- The District's salary schedule shall provide a salary range for each employee job classification. In most cases, unless otherwise stated below, an employee who has proven to be fully satisfactory in a given (i.e., the same) classification for twelve (12) calendar months of continuous service from the granting of the previous salary step increase and a positive performance evaluation in which the employee exceeds the job requirements will be eligible to receive a 5% salary increase. The employee will be considered for the bonus on the date of their annual performance evaluation.
- Economic Adjustments
 - The district will annually review the March to March Consumer Price Index (CPI) for All Urban Consumers, Los Angeles-Riverside-Orange County, CA for potential adjustment July 1st. - One day of paid time off is equivalent to eight hours of work at the employee's current rate of salary.
 - Regular full-time employees may annually accrue up to a maximum of 120 hours of paid vacation time off on January 1st. Employees shall receive an allocation on a pro-rated basis based on their hire date during their first calendar year of employment.
 - IVCSO-observed holidays falling within a regular employee's authorized vacation period is provided as the paid holiday, and not be charged as vacation time.
 - All part-time employees will accrue vacation time on a pro-rata basis.

- Vacation Cap: A maximum of 240 hours of vacation time may be accrued at any one time in an employee's vacation bank. Once the employee reaches the 240-hour cap, they cease accruing vacation. When the employee uses sufficient paid vacation time to bring the available amount below the cap, vacation accrual will begin again.
- Except at termination of employment, accrued vacation time is not paid out in lieu of taking vacation time away from work.
- Vacation time is not advanced before it is accrued. Employees requesting to use paid vacation must have accrued sufficient paid vacation to cover their absence.
- The IVCSD recognizes that vacation time spent fighting illness or debilitation fails to provide the degree of rest and relaxation that vacation is designed to provide. As such, an employee who becomes ill while on vacation and desires to claim sick leave rather than vacation may make such a request as soon as possible after they desire sick leave compensation to begin. Such requests are subject to approval by the General Manager or, if the General Manager is the employee submitting the request, by the President of the Board of Directors.
- Upon resignation or termination of employment for any reason, employees are paid for unused accrued vacation time.

Paid Sick Time (Updated and approved on January 13, 2026)

- Regular employees (both full-time and part-time) shall receive an upfront grant of twenty four (24) hours of paid sick time upon hire and again at the beginning of each calendar year, and shall thereafter accrue additional paid sick time at the rate of four (4) hours per pay period, up to a cap of one hundred sixty-eight (168) hours. Once the cap is reached, paid sick time will cease to accrue. When the employee who has reached the cap uses sufficient paid sick time to drop their total accrual below the cap, paid sick time will again accrue. Any unused paid sick time carries over from year to year, up to the 168-hour cap.
- Temporary and introductory employees shall receive an upfront grant of (8) hours of paid sick time upon hire and shall thereafter receive two (2) hours of paid sick time per pay period, up to a cap of eighty (80) hours. Any unused paid sick time carries over from year to year, up to the 80-hour cap.
- An employee may only use accrued paid sick time for any of the following reasons:
 - The diagnosis, care, or treatment of an existing health condition of, or preventative care for, an employee or an employee's family member;
 - To attend legal proceedings, or to obtain medical treatment, counseling or other survivor's services for domestic violence, sexual assault, or stalking; or
 - Otherwise as provided by law.
- A "family member" under the policy means: child; parent; spouse or domestic partner; grandparent; grandchild; sibling; or a designated person (i.e., a person identified by the employee at the time the employee requests to use paid sick time).
- Employees who request to use more than four consecutive paid sick days may be required to provide a doctor's note supporting the need for the absence. In addition, employees who take more than four consecutive paid sick days may be required to provide a medical release note before the employee may return to work.
- An employee shall provide reasonable advance notification of their need to use accrued paid sick time to their supervisor if the need for paid sick time is foreseeable (e.g. doctor's appointment scheduled in advance). If the need for paid sick time is unforeseeable, the employee shall provide notice to their supervisor as soon as is practicable.

- Upon resignation or termination of employment for any reason, employees are not paid for any accrued but unused sick time.

California Family Rights Act Leave (Approved on December 3, 2024)

The California Family Rights Act (“CFRA”) provides eligible employees the opportunity to take unpaid, job-protected leave for specified reasons. The maximum amount of leave employees may use under this policy is twelve weeks within a twelve-month period, except as otherwise required by law.

To be eligible for CFRA leave under this policy, employees must:

1. Have worked at least twelve months for the District in the preceding year; and
2. Have worked at least one thousand two hundred fifty (1,250) hours for the District over the twelve months preceding the date the leave would commence.

CFRA leave may be taken for any of the following reasons:

1. To care for or bond with a newborn child, with a newly-adopted child, or with a newly-placed foster child.
2. To care for an immediate family member (i.e., employee's spouse, registered domestic partner, child, parent, grandparent, grandchild, sibling, or registered domestic partner's child or parent, or “designated person”) with a serious health condition. For purposes of this policy, a “designated person” is any individual related by blood or whose association with the employee is the equivalent of a family relationship. Employees are limited to one “designated person” per twelve-month period.
3. Because of the employee's serious health condition that makes the employee unable to perform their job functions.
4. A “qualifying exigency” arising out of the fact that the employee’s immediate family member is on, or has been notified of an impending call to, “covered active duty.”

Once the District determines an absence is for a CFRA-qualifying reason, it will designate the absence as CFRA.

Generally, a “serious health condition” is an illness, injury, impairment or physical or mental condition that involves either in-patient care in a medical care facility or continuing treatment by a health care provider, and either prevents the employee from performing the functions of their job or prevents the qualified family member from participating in school or other daily activities.

The District measures the period of twelve months in which leave is taken by a rolling calendar period. This means that when an employee requests leave for a qualifying reason, the District will look back over the past twelve months to determine whether the employee has any remaining CFRA time.

CFRA leave for the birth of a child, or placement of a child for adoption or foster care, must be concluded within twelve months of the child's birth or placement.

Eligible employees may take CFRA leave in a single block of time, intermittently (in separate blocks of time), or by reducing the normal work schedule when medically necessary for the serious health condition of the employee or immediate family member. Intermittent leave for the birth of a child, to care for a newborn child or for the placement of a child for adoption or foster care generally must be taken in at least two-week increments, with shorter increments allowed on two occasions. Employees who require intermittent or reduced-schedule leave must try to schedule their leave so that it will not unduly disrupt the District's operations.

Employees are required to use applicable accrued paid time off (such as paid sick time, vacation, compensatory time, etc.) concurrently with the CFRA leave, to the extent permitted by law and in accordance with District policies. The only exception to this requirement is during any period in which the employee is receiving temporary disability benefits (e.g., for workers' compensation or short-term disability), the employer cannot require the employee to use their accrued paid leave to coordinate pay with those disability benefits. However, the employer and employee may agree to do so.

Once the employee's accrued paid leave time is exhausted, the remainder of the CFRA leave is unpaid time off.

The District maintains health care coverage during CFRA leave on the same terms as if the employee had continued actively to work. Employees must make arrangements to pay their normal share of health plan premiums while on unpaid leave. Use of CFRA leave does not result in the loss of any employment benefit that accrued prior to the start of leave under this policy.

When seeking leave under this policy, employees must provide to the Assistant General Manager the following:

1. Thirty days' advance notice of the need to take CFRA leave if the need for leave is foreseeable or, in the case of unforeseeable leave: notice as soon as practicable and in compliance with the District's normal call-in procedures.
2. Medical certification supporting the need for leave due to a serious health condition affecting the requesting employee or an immediate family member.
3. Medical certification of release to return to work, with or without any restrictions on the ability to work, if the leave was due to the employee's serious health condition.

If the employee requesting leave is eligible for CFRA leave, the District will provide them with a notice that designates the leave as CFRA. The notice will specify any additional information required, and include a statement of the employee's rights and responsibilities, and include a guarantee of reinstatement to the same position or a comparable position. If the employee is not eligible for CFRA leave, the District will provide a reason for the ineligibility.

Upon returning from CFRA leave, employees will be restored to their original position or to an equivalent position with equivalent pay, benefits, and other employment terms and conditions, to the extent required by law.

For more information regarding leave under this policy, contact the Assistant General Manager.

Maternity/Parental Leave

Maternity or parental leave is available to employees of the District, either before, during or after the birth of an employee's child or the placement of a child with an employee in connection with adoption or foster care. The purpose of maternity/parental leave is to enable the employee to care for and bond with a newborn or a newly adopted or newly placed child. Additionally, pregnancy disability leave is available for employees who meet the applicable criteria. This policy will run concurrently with Family and Medical Leave Act (FMLA) leave and/or California Family Rights Act (CFRA) leave, as applicable. If a State or Federal law is in conflict with this policy, the terms of the law will be applicable.

Parental Leave

Eligible employees must meet the following criteria:

- Have been employed with the District for at least 12 months (the 12 months do not need to be consecutive);
- Have worked at least 1,250 hours during the 12 consecutive months immediately preceding the date the leave would begin;
- Be a full- or part-time, regular employee (temporary employees and interns are not eligible for this benefit).

In addition, employees must meet one of the following criteria:

- Have given birth to a child;
- Be a spouse or committed partner of a person who has given birth to a child; or
- Has used a surrogate for the birth of their child
- Have adopted a child or been placed with a foster child (in either case, the child must be age 17 or younger). The adoption of a new spouse's child is excluded from this policy.

Amount, Time Frame, and Duration of Parental Leave

- Eligible employees will receive a minimum of sixteen (16) weeks of *paid* parental leave per birth, adoption or placement of a child/children. The fact that a multiple birth, adoption or placement occurs (e.g the birth of twins or adoption of siblings) does increase the 16-week total amount of paid parental leave granted for that event by the following: 2 weeks additional for twins, an additional 2 weeks additional for triplets, and an additional 2 weeks for a child born with a disability.
- Approved parental leave may be taken at any time during the 12-month period immediately following the birth, adoption or placement of a child with the employee. Parental leave may not be used or extended beyond this 12-month time frame.
- Employees do not need to take parental leave in one continuous period of leave, but the minimum increment should be in 2-week blocks, or in smaller increments under two separate occasions. In no event shall the intermittent leave be more than a cumulative total of 16 weeks within a 12-month period. This is contingent upon the availability of CFRA and FMLA leave available to each employee within that 12-month period, as provided below.

Coordination with FMLA/CFRA Policies

- Parental leave taken under this policy will run concurrently with leave under the FMLA/CFRA; thus, any leave taken under this policy that falls under the definition of circumstances qualifying for leave due to the birth or placement of a child due to adoption or foster care, the leave will be counted toward the 12 weeks of available FMLA/CFRA leave per a 12-month period. All other requirements and provisions under the FMLA/CFRA will apply. In no case will the total amount of leave—whether paid or unpaid—granted to the employee under the FMLA/CFRA exceed 12 weeks during the 12-month FMLA/CFRA period. Please refer to the FMLA/CFRA Policy for further guidance.
- The District will maintain all benefits for employees during the parental leave period just as if they were taking any other paid leave such as paid vacation leave or paid sick leave.
- If a holiday occurs while the employee is on parental leave it will extend the total parental leave entitlement.

Requests for Parental Leave

- The employee will be required to provide his or her supervisor with notice of the request for leave at least 30 days prior to the proposed date of the leave (or if the leave was not foreseeable, as soon as possible). The employee must complete the necessary forms and provide all documentation as required to substantiate the request.
- As is the case with all District policies, the organization has the exclusive right to interpret this policy.

Pregnancy Disability Leave

Pregnancy Disability Leave

- An employee who needs a reasonable accommodation for pregnancy disability should consult with her supervisor or manager to request a reasonable accommodation interactive meeting. Pregnancy disability leave (PDL) is available in the event of childbirth, loss of pregnancy, pregnancy and related physical and mental conditions when the employee is disabled from these conditions. “Disabled” is defined as having a physical or mental condition related to pregnancy, loss of pregnancy, or childbirth that prevents an employee from performing essential duties of her job, or if her job would cause undue risk to her or her pregnancy’s successful completion. The employee shall begin pregnancy disability leave when the employee’s physician, in consultation with the employee, certifies that they should discontinue working because of a disability related to pregnancy, loss of pregnancy, childbirth, or a related condition. PDL is unpaid leave.

Length of Pregnancy Disability Leave

- An employee is entitled to up to four (4) months of unpaid PDL. An employee may elect to use accumulated sick and/or vacation leave during the period of her physical inability to perform work on account of pregnancy. Such sick and/or vacation leave shall only be allowed during the period in which an attending physician certifies that the employee is not able to perform the job.
- An employee who is on pregnancy disability leave shall be entitled to accrue the same general, administrative, and sick leave and vacation benefits normally accruing, and the District shall continue its contribution to the employee’s health plan premium. The maximum term for these benefits is four (4) months per pregnancy. Health benefit premiums will continued to be paid in the same manner as if the employee were working. Failure to make such premium payments, when required, may result in the cancellation of coverage.

- Employees returning from pregnancy leave will be returned to the same or similar position they occupied prior to taking leave.

Coordination With FMLA/CFRA Leave Policies

- PDL shall run concurrently with FMLA leave, but will not run concurrently with CFRA leave. That is, if an employee is on leave under PDL, the time will also run under FMLA leave. Once PDL is exhausted, then the employee will still be eligible for leave under CFRA based on qualifying reasons, such as additional baby-bonding time under parental leave, as discussed above.

Lactation Accommodation (*Approved on September 9, 2025*)

The purpose of this policy is to affirm the District’s commitment to supporting the health and wellbeing of employees and their families by providing a safe, private, and reasonable accommodation for employees who wish to express breast milk during the workday. This policy ensures compliance with California and federal law, while fostering a supportive and inclusive workplace environment.

Employees desiring to express breast milk while at work have the right to request lactation accommodation. Employees may request this accommodation by communicating with the General Manager or Assistant General Manager. The District will meet with the employee about the accommodation, will document the accommodation plan in writing, and will provide a written response to the employee’s request. If possible, the lactation break time will run concurrently with any paid rest break time already provided to the employee. Any lactation break times that run beyond, or are in addition to, the normal authorized paid rest breaks are unpaid.

Employers are required to designate a lactation room/space in response to an employee’s request for such accommodation. Such space must be: safe, clean, contain a surface to place a breast pump, have a place to sit, have access to an electrical outlet, and have access to a sink with running water and a fridge or cooling device to store milk. The space cannot be a bathroom, must be in close proximity to the employee’s work area, and must be shielded from view/intrusion while the employee is expressing milk.

For any perceived violation of this policy, the employee has the right to file a complaint with the California Labor Commissioner.

Paid Family Leave

Paid Family Leave

- In addition to the foregoing, the State of California administers a Paid Family Leave (PFL) program. PFL can run concurrently with the unpaid leaves discussed above. Employees must take leave for one of the following covered reasons:
 - to bond with a new child who arrives by birth, adoption, or placement through the foster care system, or
 - to take care of a spouse, registered domestic partner, parent, child, grandparent, grandchild, sibling, or parent-in-law with a serious illness.

- PFL provides paid leave up to 60-70% of the employee's compensation for up to eight (8) weeks. To be eligible for PFL benefits, employees must have earned \$300 or more in compensation during a 12-month base period preceding the claim. These wages must have been subject to withholdings for the State's disability insurance program. The District will cover the remaining 30-40% of the employee's compensation for the 8 weeks of paid family leave, and will pay 100% of the employee's compensation for the remaining 8 weeks of parental leave.
- PFL gives employees the right to collect benefits but does not, in and of itself, provide job protection.
- Employees wishing to use PFL must apply on the State's website at: <https://edd.ca.gov/en/disability/paid-family-leave/>

Bereavement Leave (Updated and approved on September 24, 2024)

- All employees who suffer a death in their immediate family may have a paid leave of forty hours for each death of an immediate family member. For purposes of this policy an employee's immediate family is defined to include the employee's current spouse, domestic partner, child, parent, sibling, grandparent, grandchild of employee, or child, sibling, parent or grandchild of employee's spouse or domestic partner.
- Employees are required to provide reasonable documentation of the need for bereavement leave. This may include a death certificate, a published obituary, or written verification of death, burial, or memorial services from a mortuary, funeral home, burial society, crematorium, religious institution, or government agency. This documentation must be provided within 30 days of the employee's first day of leave. All information received by the District will be treated as confidential.
- If an employee requires more than forty hours off for bereavement leave, the employee may request additional unpaid leave or may request the opportunity to use any accrued vacation or sick time at the discretion of the General Manager.

Reproductive Loss Leave (Added and approved on December 3, 2024)

- A District employee who has sustained a reproductive loss may request a paid leave of up to five days. Reproductive loss is defined as: a failed adoption; a failed surrogacy; a miscarriage; a still birth; or an unsuccessful assisted reproduction.
- Reproductive Loss leave does not need to be taken consecutively, but the leave must generally be completed within three months of the loss.

Jury Duty (Updated and approved on October 22, 2024)

- The District will provide exempt full-time employees a maximum of 20 working days or 160 hours of paid time off per valid summons, subpoena, or other court order to serve, as required by law, on a jury, grand jury, appear in court, or otherwise participate in court-related proceedings. Temporary and Part time employees will receive paid time off on a prorated basis, based on their weekly hourly schedule. Upon receipt of a summons, subpoena, or other court order, employee shall immediately present a copy of the notice to his or her supervisor.
- For each week of jury duty, the District requires its employees to provide the District with a certificate of jury service,
- Employees may request unpaid leave for the length of absence needed to complete the service beyond the 20-day or 480 hour period, or may opt to utilize other available PTO during the otherwise unpaid portion of their time off.

- An amount equal to the total compensation, except expenses and mileage, received by employee from the courts will be deducted from the employee's salary; or, if preferred, the employee may turn in to the District all such compensation received and draw full pay during jury duty.

Employee Flex Time Policy

- The District will work with employees to achieve flexibility in work schedules to accommodate special needs in areas such as childcare, eldercare, or education. These accommodations can be made whenever they can be done without causing hardship on the work unit or level of service.
- The allowable work schedule flexibility not needing prior approval shall be limited to those that can be made within the workday, such as modifying starting or ending time by thirty (30) minutes, and/or reducing the meal period to thirty (30) minutes.
- At the discretion and authority of the General Manager, the District may implement flexible work schedules for employees. The District shall stagger employee shifts to provide coverage on all days of the week as necessary and appropriate for District operations, with the standard range of District working hours being from 8:00 a.m. to 8:00 p.m. Monday through Friday. The District may change employee work schedules to include the weekends upon reasonable notice, when it is feasible in meeting the needs of District operations and/or when the change is in the employee's long term assignment schedule.
- Employees working flexible work schedules shall have holidays off to the same proportion as to their regular scheduled work hours. If a holiday falls on a regularly scheduled day off, the employee shall take an alternate day off within the current or following pay period. If an employee has approval from the General Manager to work on a scheduled District holiday, the employee shall take an alternate day off within the current or following pay period.
- Flexibility may also include other modifications which would require the use of leave hours or reductions in pay.
- In no event shall an employee be scheduled to work less than their scheduled number of hours of work per workweek. For example, full-time employees shall be scheduled to work a 40-hour workweek. Exempt employees may at times be required to work more than 40-hour workweeks to meet the needs of District operations. In the event this is occurring regularly or over an extended period of time, in the interest of preventing exhaustion or "burn-out" of employees, the General Manager is authorized to allow employees to schedule additional paid time off to recuperate, up to a limit of 10 days per year.

Personal Vehicle Usage and Reimbursement Policy

- When an employee is authorized to use their personal vehicle in the performance of District work, they shall be reimbursed for the cost of said use on the basis of total miles driven and at the rate specified in the Internal Revenue Service Guidelines in effect at the time of said usage.
- Use of personal vehicles shall not be authorized for the performance of District work if a suitable District vehicle is available and safely operational. Every attempt shall be made to coordinate work so that District vehicles are available and operational for the performance of said work.

- Proof of adequate insurance coverage for collision, personal injury, and property damage shall be required by the District of any employee using a personal vehicle in the performance of District work.
- Mileage forms with number of miles traveled, destination, purpose of the trip and date are required.

Leave of Absence Policy (Updated and approved on January 13, 2026)

- A regular full-time or regular part-time employee may request up to thirty (30) days leave of unpaid personal leave of absence.

2. Provide documentation supporting the calculation.
3. Outline repayment options.

Repayment Options

Repayment may occur through one of the following methods:

- Lump sum reimbursement by the employee (e.g., check or cashier's check)
- Written authorization for voluntary payroll deduction
- Other agreed-upon and written repayment plan

Payroll Correction

When feasible and legally appropriate, the District may:

- Void and reissue the payroll transaction;
- Process an off-cycle payroll correction;
- Coordinate with the payroll provider to correct tax reporting and W-2 records.

Tax adjustments will be handled in accordance with federal and state regulations and payroll provider guidance. The District will determine the appropriate method of correction based on the circumstances and applicable law.

Benefit Contribution Adjustments

If an overpayment results in excess contributions to benefit or retirement plans, the District will coordinate necessary corrections or credits with the applicable provider, and will notify the employee.

Good Faith & Hardship Considerations

The District recognizes that overpayments are typically administrative errors and will work in good faith with employees to resolve the matter in a reasonable and fair manner.

Repayment plans may be considered when immediate repayment would create financial hardship.

Documentation

All overpayment corrections and repayment agreements will be documented and filed.

External Representation of the District

Any member of the Board (or staff person) as designated by the Board of Directors, may represent the Board where it is appropriate or desirable for the District to appear, at meetings, events, or hearings of other public agencies, private entities, non-profit corporations, public groups, or private groups. Such representatives must report back to the Board of Directors at an appropriate Board meeting, following the meeting, event, or hearing.

When external representation is so desired by the Board of Directors, for an incidental or regular meeting, event, or hearing, the General Manager shall be the de facto representative for matters pertaining to District Operations, and the Board President (or their designee) shall be the de facto representative related to governance and policy. The Board of Directors may take action to waive these responsibilities, and designate another Director (or staff person) to serve as the District’s representative to a specific public or private entity, or non-profit corporation.

When a Director (or staff member) attends a meeting, event, or hearing of another public agency, private entity, non-profit corporation, public or private group, or other public or private gathering on their own behalf, they should make a good faith effort to clarify so.

- Submission within thirty days of the expense.
- An explanation of the District-related purpose for the expenditure(s); and,
- Receipts evidencing each expense shall be attached.

The General Manager will review and approve reimbursement requests. Reimbursement requests by the General Manager will be reviewed and approved by a designee of the Board.

Credit Card Policy

Overview

The Isla Vista Community Services District (IVCSD or District) has established a purchasing card program whereby authorized employees may use a district-issued credit card for small dollar purchases of certain goods or services. The procurement card is a flexible purchasing

tool that offers an alternative method of paying for low-cost items. Procurement cards are issued with purchase category limitations (e.g., cannot purchase from a liquor store or obtain cash) as well as single and monthly dollar transaction limits.

This user's guide is designed to provide you with instructions on the proper use of a district-issued credit card. In accepting a district-issued credit card, cardholders agree to abide by these guidelines and all applicable purchasing policies. Intentional and unintentional misuse of a city credit card can result in suspension or revocation of the credit card privilege and/or disciplinary action.

Approval of Purchasing Cards

The issuance of a purchasing card is based on operational need as determined by the General Manager. District employees assigned a purchasing card by the General Manager must sign a cardholder agreement before the card can be activated. By signing the agreement, cardholders indicate their understanding of program requirements and agree to use the card in compliance with all requirements.

Card Set-up, Issuance, and Activation

The program administrator (General Manager or designee) is responsible for submitting requests for purchasing cards and establishing card controls such as transaction/monthly dollar limits and blocking/allowing different merchant category codes to be used.

Individual cardholders are responsible for activating the purchasing card by calling U.S. Bank Customer Service at 800-344-5696.

Cardholder Responsibilities

The purchasing card can only be used for legitimate business purposes. Misuse of the card will subject the cardholder to disciplinary action in accordance with IVCS's personnel policies and procedures. In using a procurement card, cardholders must:

- Never use the card for personal purchases.
- Maintain the card in a secure location at all times.
- Not allow other individuals to use their card for any reason, unless pre-approval is provided by the General Manager in accordance with Section 1.13, Pre-approval Form.
- Adhere to the transaction limits established for use.
- Obtain and reconcile all sales slips and register receipts to the monthly statement and provide this documentation to the program administrator by the established due dates (see Section 1.8, Monthly Statement Review and Approval).
- Provide correct expense coding information so that charges are accurately categorized for tracking purposes.
- Attempt to resolve billing errors directly with a vendor and notify the bank if such disputes are not satisfactorily resolved (see Section 1.10, Disputed Purchases).
- Ensure that appropriate credit amounts appear on subsequent statements.
- Never accept cash in lieu of a credit to the cardholder account for returned items.
- Immediately report lost or stolen cards to the bank and program administrator (see Section 1.11, Lost or Stolen Cards).
- Inform the program administrator or designee when a card is no longer needed (see Section 1.12, Purchasing Card Cancellation).

Authorized Uses of Purchasing Cards

The purchasing card may be used for the following legitimate business purposes, subject to all purchasing policy provisions, and requirements that may be specified by the General Manager or designee:

- One-time payment for goods or off-site services within cardholder transaction limit
- Gift cards and prizes for members of the public in conjunction with District events
- Training, classes, seminars, and conventions
- Subscriptions, books, publications, and training videos
- Professional memberships
- Authorized (pre-approved) travel arrangements for official District business including airfare, hotel, car rental and food
- Advertising costs
- Emergency/disaster-related purchases
- Food and/or non-alcoholic beverage purchases authorized by the General Manager

A district-issued credit card must not be used to pay for operational services provided on IVCSO property, or professional consulting services or any other services where insurance coverage would otherwise be required. This requirement may be waived if it is determined by the General Manager that insurance coverage is unnecessary, in accordance with Section 1.13, Pre-approval Form.

Allowable Services

Purchasing cards may be used to pay for delivery services such as Federal Express or United Parcel Service where insurance coverage is not required. Purchasing cards may also be used for off-site equipment repair services where such repairs are performed at the service provider's place of business and do not otherwise require an onsite presence that could trigger insurance requirements.

Prohibited Purchases

The following items cannot be purchased with district-issued purchasing cards:

- Items for personal use
- On-site services where insurance coverage is required, unless such coverage requirements are waived by the General Manager in accordance with Section 1.13, Pre-approval Form.
- Alcoholic beverages for any reason
- Gifts for District employees other than those approved for special events such as retirements
- Purchases from companies for which a District contract is already in place, unless use of a purchasing card is required for payment efficiency
- Cash advances
- Split purchases to avoid purchasing limits

Cardholders who make unauthorized purchases will be subject to disciplinary actions in accordance with established personnel policies and procedures.

Mistaken Personal Use

Every effort must be made to use the purchasing card for official District business. However, if a district-issued purchasing card is accidentally used for a personal purchase, the following steps must be followed:

- Immediately notify the program administrator and cardholder supervisor of the unauthorized purchase.
- Following the notifications in step 1, return the purchased item and obtain a credit for the full purchase amount. If the item cannot be returned for full refund, immediately reimburse IVCSA for the purchase.
- Notify the program administrator and cardholder supervisor of completion of step 2.
- Attach proof of refund or repayment to the monthly statement and provide an explanation of the unauthorized charge and how the District was reimbursed.
- Submit the statement for approval in accordance with the instructions in Section 1.8 below.

Note: Intentional misuse of the purchasing card for personal expenses is prohibited and is grounds for disciplinary action and/or civil/criminal penalties depending on the nature of the purchase.

Monthly Statement Review and Approval

The program administrator or designee will provide cardholders with monthly statements. All charges must be verified, with a copy of each original, itemized receipt properly approved and coded. Transactions requiring prior approval must include an appropriate level of detail that demonstrates pre-approval was obtained (including documentation required by Section 1.13, Pre-approval Form); authorized food purchases shall identify the names of all persons involved.

Monthly statements must be reviewed and approved by the General Manager.

Transactions made by the General Manager shall be approved by the Board Chair.

No Receipt Available

Every effort must be made to obtain an itemized receipt. On occasion, no receipt may be available. In these instances, a written explanation must be provided explaining the purchase and circumstances that must be approved by the General Manager or designee.

Disputed Purchases

If a purchased item is found to be defective, or if a charge is in dispute, the cardholder is responsible for returning the item for full credit and/or resolving the disputed charge. If the vendor refuses to correct the defect or satisfactorily resolve the disputed charge, then the purchase of the item is in dispute.

Disputed items must be reported to U.S. Bank Corporate Payment Systems within 60 days from the date of the first statement on which the item was billed. Notification can be done by calling the 24-hour customer service number at 800-344-5696.

Lost or Stolen Cards

If the purchasing card is lost or stolen, immediately notify the program administrator, cardholder supervisor, and U.S. Bank at 800-344-5696. The following information will be needed when notifying the bank:

- Complete name
- Credit card number
- Date reported to law enforcement, if stolen
- Any purchases made on the day and since the card was lost or stolen

Purchasing Card Cancellation

The program administrator is responsible for setting up, maintaining, and closing cardholder accounts. However, cardholders are responsible for notifying the program administrator if:

- Transferring to a different department,
- Moving to a different position within a department where a purchasing card is not required, or
- Terminating employment.

Pre-approval Form

Where pre-approvals are required by this User's Guide, the Purchasing Card Pre-approval Form must be completed and approved by the General Manager or designee before a purchase can be made. Pre-approval is required for the following items:

- Instances where a cardholder would like to allow another employer employee to use the cardholder's purchasing card to make an authorized District purchase, and
- Requests to use a purchasing card for onsite services or other services that would typically require a vendor or consultant to insure the District from liability.

Corrective Action (Updated and approved on December 3, 2024)

- Corrective measures, including but not limited to counseling, warnings, mandatory training, suspension, or dismissal, may be used to correct violations of District standards or policies, or performance or conduct issues, and/or to ensure safety and accountability in the workplace. Any one or more of these types of disciplinary measures may be used as appropriate, in the discretion of the General Manager.
- "Progressive discipline" is a system of increasingly more serious disciplinary steps imposed for repeated or more serious offenses. While the District may choose to use progressive discipline, it is not required to do so. Rather, the General Manager may impose any disciplinary action(s) they deem appropriate under the circumstances.

Conflict Resolution and Grievance Procedures

The IVCS D provides a path for employees to seek redress in disputes over a corrective action or the interpretation or application of IVCS D policy. This policy may be applied in cases of personal interest (such as when an employee believes they have been subjected to unjust corrective action) and in cases where employees perceive a violation in policy that undermines the accountability and spirit of IVCS D operations.

The grievance process comprises two steps, the first is an appeal to the General Manager and the second is an appeal to the Board of Directors. It is proper procedure for employees to begin any grievance at the first step, but in cases where the General Manager is a party to the grievance (including in cases of corrective action) the employee may move directly to the second step.

- Within 10 days of becoming aware of the circumstances which form the basis for the alleged grievance, an employee may present a written grievance to the General Manager. Written grievances shall detail the alleged violations of District policies, facts or allegations upon which the grievance is based, and a statement of the remedy or correction requested of the IVCS D. The General Manager shall issue a decision in writing to the grievant(s) within five days after the grievance is filed.
- In cases where the General Manager is a party to the grievance or an employee wishes to appeal within ten days of a decision rendered in Step 1, employees may submit their grievance in writing to the Board of Directors. Written grievances, in addition to the content described in Step 1, shall include a concise explanation as to why Step 1 is being bypassed or on what grounds a decision rendered in Step 1 is being appealed. A

hearing before the Board of Directors shall be set within 30 calendar days from receipt of the employee's written appeal. Any rulings made by the end of the hearing shall be considered final.

- The Board of Directors will consider payment for the cost of certification renewal for the certifications deemed pertinent and beneficial to the activities of the board and/or its employees, less any late fees or penalties due to individual negligence.
- Education or training required by the District as a condition of continued employment in the employee's present position shall be reimbursable at one-hundred percent (100%) or paid directly by the District and shall take place on District time.
